## INTRODUCTION

GLOBAL HIPPO ASSOCIATION is organising 12<sup>th</sup> International English Language Olympiad (hereinafter the Olympiad). The Olympiad is open to students 6 – 19 years old from the whole world. Students wishing to participate will take tests in one of the Olympiad approved venues (state schools and schools that are part of the formal education system, as well as private schools, and venues arranged by country coordinators).

## HIPPO AND ITS AIMS

The Olympiad is an international event which promotes English language, challenges students around the globe to compete in English language knowledge and motivates the teachers to cooperate. The Olympiad encourages the development of a shared sense of identity and integration, serves as a role model for young people living together as one community. The main goal is to create and nourish friendly relations, international understanding and a spirit of healthy competition between young people interested in English language from all around the world.

Apart from that, by participating in such an Olympiad, students get a chance to measure their level of English against international standards and get used to the concept of examination. Schools will more easily understand the level of English of their pupils and challenge them to learn more.
